

Star Valley

PETITION
NEVADA BOARD OF WILDLIFE COMMISSIONERS
July 21, 1999

We, the undersigned residents, of Lamoille, Pleasant Valley, Lee, Mound Valley, Huntington Valley, Ruby Valley, Clover Valley, Star Valley and Halleck, hereby petition the Nevada Board of Wildlife Commissioners, to set aside and designate a special game management area for the management of elk, to be commonly known to as the Ruby Mountain Elk Free Management Area; which area's boundaries may be described as follows; beginning at Wells Nevada, thence south along Highway 93, to where the Butte Valley Road intersects Highway 93, thence south along the Butte Valley Road and thence the Thirty Mile Road, to where the Thirty Mile Road intersects Highway 50, thence west along Highway 50 to the junction where Highway 892 intersects Highway 50, thence North along Highway 892, thence the Huntington Valley Road and Highway 228, to where Highway 228 intersects Highway 227, thence west to Elko, thence east along Interstate 80 until reaching the starting point at Wells.

That the Nevada Board of Wildlife Commissioners adopt policy whereby control of elk within said area would be accomplished by first, allowing every person who receives a tag to hunt deer within the area described, during regular archery, musket, or rifle season, be allowed an additional tag for an additional \$25.00, to harvest an elk of either sex in said area and during the same period of time as is allowed for hunting deer. And second, that policy also be adopted, which would allow any citizen of Nevada over the age of 12, the opportunity to purchase an elk tag for said elk free area, at the Region II Office in Elko, for \$50.00, for bulls only, during that time of the year when no regular deer season is in progress.
